

# EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
BOSSER & MCCARTHY,  
Proprietors.

WEDNESDAY, MAY 6, 1891.

MR. CLAY has scattered a good deal of "dust" in his gubernatorial race.

Mr. Clay had had a few more rich Republican brothers-in-law to aid him in his canvass, his chances for the gubernatorial nomination would have been much brighter than they are, at present.

The latest claim as to Middlesborough's greatness is that she consumes over 400 kegs of beer every week. This settles it with the "Magic City." Do booms and beer go together?

The Covington Post last evening said: "While Clay's instructed vote is not as large as that of Brown, he leads the latter in the race."

It is very evident that the Post is looking at the race through glasses covered with Clay "dust." Brown has over one hundred more instructed votes than the Bourbon man.

"SECRETARY FOSTER and the Director of the Mint Leech are yet diligently skirmishing round after the wherewith to redeem a beggarly block of \$51,000,000 national bonds that fall due at the close of the last month of summer," says the Louisville Times. Singular. Why should they be doing that when they claim the Government has over \$250,000,000 on hand right now?

The Covington Post of Monday evening, in three different articles, puts Clay in the lead for Governor. As no other paper in or out of the State makes such a claim on behalf of the candidate from Bourbon we are forced to conclude that the Post has very exclusive sources of information touching affairs in Kentucky.—Commonwealth.

The Post probably got its information over its own private wires to the various county seats.

The Covington Commonwealth says returns from the precinct meetings last Saturday show that "Kentucky Democracy is not for sale." What about Mason and Kenton counties, Mr. Commonwealth? But we will take that back as to this county. The men who gave the deciding vote in the mass meeting last Saturday don't belong, really, to any party. Politically, they have no fixed "abiding place."

## The Next Governor.

The corrected returns from the Democratic mass meetings in the remote counties do not materially alter the instructed votes, except that for Governor, in which the mountain counties give Hardin the biggest increase. These corrected returns place this instructed vote as follows: Brown, 255; Hardin, 159; Clay, 150; Clardy, 105.

The Owensboro Messenger has been doing some figuring on the returns, and it says: "It is perfectly apparent that Brown will have nearly 400 votes on the first ballot, and if he does not win when Clardy is dropped he will be so near the goal, the dropping of Clay or Hardin will insure his nomination by an overwhelming majority."

It looks very much like the next Governor of Kentucky will come from Henderson.

## Stock and Crop.

The parties who fed cattle at the distilleries in the West End the past season made big money.

The Nebraska Board of Agriculture reports that the corn prospects of the State are exceedingly promising.

It has been estimated that 750,000,000 cans are used annually in the United States by the canning factories.

The short hay crop of the Southwest has produced a hay famine in the States of Iowa, Nebraska and Missouri.

The hogs near Talbot's Station, Bourbon County, are said to be dying with cholera or some other fatal disease.

The Kansas Agricultural Bureau reports an increased acreage of wheat of 38 per cent., and conditions never better.

The consumption of canned goods in the United States is increasing much faster than is the demand for these goods abroad, according to Bradstreet's.

It is reported that sixty-four out of seventy-five counties in the Texas grain belt show a total increased acreage over last year for wheat, corn and oats of between 75 and 100 per cent.

In Mercer County the fruit crop is found to be hurt very slightly. The peaches, pears and apples promise an abundant yield. The wheat never looked better and several crops are already heading out, three to five weeks ahead of time. The tobacco plants are coming well, as is also the corn planted, though both are about three weeks behind the season.

People who don't believe in revivals couldn't take any stand that would suit the devil much better.

## REVENUE AND TAXATION.

### Provisions of the New Constitution on These Important Subjects.

REVENUE AND TAXATION.  
Section 175. The fiscal year shall commence on the first day of July in each year, unless otherwise provided by law.

Section 176. There shall be exempt from taxation public property used for public purposes; places actually used for religious worship, with the grounds attached thereto and used and appurtenant to the house of worship, not exceeding one-half acre in cities or towns and not exceeding two acres in the country; places of burial not held for private or corporate profit, and institutions of purely public charity, and institutions of education not used for or employed for gain by any person or corporation, and the income of which is devoted solely to the cause of education; public libraries, their endowments, and the income of such property as is used exclusively for their maintenance; all parsonages or residences owned by any religious society, and occupied as a home and for no other purpose by the minister of any religion; and crops grown in the year in which the assessment is made and in the hands of the producer; and all laws exempting or commuting property from taxation other than the above mentioned shall be void, provided, not more in value of household goods and other personal property of a person with a family than two hundred and fifty dollars shall be exempted from taxation; and provided further, that the General Assembly may authorize any incorporated city or town to exempt manufacturing establishments from municipal taxation for a period not exceeding five years, as an inducement to their location.

Section 177. The General Assembly shall provide by law an annual tax, which, with other resources, shall be sufficient to defray the estimated expenses of the Commonwealth for each fiscal year. Taxes shall be levied and collected for public purposes only. They shall be uniform upon all property subject to taxation within the territorial limits of the authority levying the tax; and all taxes shall be levied and collected by general laws.

Section 178. All property not exempted from taxation by this Constitution, shall be assessed for taxation for its fair cash value, estimated at the price it would bring at a fair voluntary sale, and any officer, or other person authorized to assess values, for taxation, who shall commit any willful error in the performance of his duty, shall be deemed guilty of misdemeanor, and upon conviction thereof, shall forfeit his office, and be otherwise punished as may be provided by law.

Section 179. The receiving, directly or indirectly, by any officer of the Commonwealth, or of any county, city or town, or member or officer of the General Assembly, of any interest, profit or perquisites arising from the use or loan of public funds in his hands, or monies to be raised through his agency for State, city, town or county purposes, shall be deemed a felony. Said offense shall be punished as may be prescribed by law, a part of which punishment shall be disqualification to hold office.

Section 180. All property in this State, whether owned by natural persons or corporations, shall be taxed in proportion to its value, unless exempted by this Constitution, and corporate property shall pay the same rate of taxation as paid by individual property. Nothing in this article shall be construed to prevent the General Assembly from providing for taxation on incomes, licenses or franchises.

Section 181. The power to tax property shall not be suspended by any contract or grant, to which the Commonwealth shall be a party.

Section 182. The Commonwealth shall not assume the debt of any county, municipal corporation or political subdivision of the State, unless such debt shall have been contracted to defend itself in time of war, to repel invasion, or suppress insurrection.

Section 183. The credit of the Commonwealth shall not be pledged or loaned to any individual, corporation or association, municipality, or political subdivision of the State; nor shall the Commonwealth become an owner or a stockholder in, nor make donation to, any company, association or corporation; nor shall the Commonwealth construct a railroad or other highway.

Section 184. All laws authorizing the borrowing of money by and on behalf of the Commonwealth, county or political subdivision of the State, shall specify the purpose for which the money is to be used, and the money so borrowed shall be used for no other purpose.

Section 185. The General Assembly shall not authorize any county or subdivision thereof, city, town, or incorporated district, to become a stockholder in any company, association or corporation, or to obtain or appropriate money for, or to loan its credit to, any corporation, association or individual, except for the purpose of constructing or maintaining bridges, turnpike roads or gravel roads; provided, that if any municipal corporation shall offer to the Commonwealth any property or money for locating or building a Capitol, and the Commonwealth accepts such offer, the corporation may comply with the offer.

Section 186. The General Assembly may authorize the counties, cities or towns to levy a poll tax not exceeding one dollar and fifty cents per head. Every act passed by the General Assembly, and every ordinance and resolution passed by any county, city, town or municipal body or local legislative body levying a tax, shall specify distinctly the purpose for which said tax is levied, and no tax levied and collected for one purpose shall ever be devoted to another purpose.

Section 187. The General Assembly shall not impose taxes for the purposes of any county, city, town or municipal corporation, but may, by general laws, confer on the proper authorities thereof, respectively, the power to assess and collect such taxes.

Section 188. The General Assembly may, by general laws only, provide for the payment of license fees on franchises, stock used for breeding purposes, the various trades, occupations and professions, or a special or excise tax; and may, by general laws, delegate the power to counties, towns, cities, and other municipal corporations, to impose and collect license fees on stock used for breeding purposes, on franchises, trades, occupations and professions.

Section 189. Nothing in this Constitution contained shall be so construed as to prevent the General Assembly from providing by law how railroads and railroad property shall be assessed and taxes thereon shall be collected.

### Congratulations to Commander Hillis.

Says the Frankfort Capital: "The Capital congratulates its personal and valued friend, Hon. S. G. Hillis, of Lewis County, upon his access to the position of Commander of the Grand Army of the Republic for the Department of Kentucky. The encampment, in selecting Mr. Hillis for its Commander, honored itself while complimenting him."

The Louis A. Sherley passed up this morning on her farewell trip. She goes through to Marietta where she will be dismantled. Part of her machinery will be put in the boat now being built for the Portsmouth trade. The Congo or Chancellor will likely fill her place until the new boat is finished.

## The Equitable.

NORTH FORK, KY., April 24, '91.

Mr. R. A. Evans, General Agent Equitable Life Assurance Society—Please accept my thanks for the prompt and satisfactory manner in which the Society has paid the claim of two thousand dollars under policy No. 296,337 on the life of Mark Brannen, deceased. I cheerfully commend the Equitable to all persons seeking life insurance that is safe and reliable.

THOMAS BRANNEN,  
Administrator, Mark Brannen.

## Hicks Hit It.

Hicks, the weather prophet, did say something about a warm wave for the early days of May, but he also foretold this cold wave. Here is what he said: "Regions to the northwest will share in the very warm wave, but need not be surprised at sudden revulsions of temperature with snow, followed by cold and frost from 4th to 7th. About the 8th it will turn rapidly warmer, resulting in hard reactionary storms about the 9th and 10th."

## Judgment for \$1,129.

The jury in the case of Mrs. Elizabeth Adams and others against the C. & O. and K. C. Railroad companies rendered a verdict yesterday in favor of the plaintiffs. They were awarded \$1,129 damages to their property on the south side of Third street, Fifth ward, caused by the construction and operation of the road.

## Bourbon County Economy.

One of our subscribers stopped his subscription a few days ago as an economical step. In a few minutes afterwards, he was seen treating himself and two friends to whisky, at a cost of 45 cents. And he does the same thing every time he comes to town.—Bourbon News.

## The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

"Tis thought that so much cool weather and so many frosts will injure the fruit crop. It will doubtless cause a great deal of it to fall off.

Elder F. M. Tindler last Sunday evening made some remarks at the grave of Mrs. Meisner which were very appropriate and touching. The service closed by an able prayer by Elder Simmons, pastor of the Baptist Church.
